

Email Notifications – School Cash Online & Lunchbox

The SCDSB has received information from families that there are issues with parents/guardians who are no longer receiving emails from SchoolCash Online when new events, or fundraisers at the school are created.

There was a government directive where companies are no longer allowed to “spam” families with unwanted emails. Because of this, parents/guardians now need to enable email notifications to be sent from SchoolCash Online.

For parents/guardians to enable the notifications they **do not** have to delete their students and re-add them. Please complete the following steps should you choose to receive email notifications.

1. Log into SchoolCash Online
2. Selected My Account on the right
3. Select Manage Email Notifications
4. Ensure there is a check mark in the “I want to receive notifications.....”
5. Then click change.

You will then start to receive email notifications from SchoolCash online.

NOTE: The same process will need to be done in Lunchbox to receive email.
